Glass Magic Exhibition
Tri-Lakes Center for the Arts

Theme - Glass Magic

While glass may seem to some a common material that we use every day in many ways, using glass as an artistic medium has been done for centuries. Glass 2- or 3-dimensional art objects are created with the intention of making an artistic statement (*GLASS MAGIC!*). The purpose of the *Glass Magic Exhibition* is to provide artisans an opportunity to exhibit 2- or 3-dimensional glass work to the public and further the appreciation of glass art.

Eligibility

The exhibition is open to glass artisans, amateur or professional. TLCA invites specific approaches including [stained glass](#), working glass in a torch flame, [glass bead-making](#), [glass casting](#), [glass fusing](#), and [glass blowing](#). Experimental and mixed techniques are welcome.
